“Let's unite to beat plastic pollution and build a cleaner, greener world.”

World Environment Day, observed annually on **June 5**, is the United Nations' flagship initiative to inspire global awareness and action for the protection of our environment.

This year's theme, “**Beat Plastic Pollution**,” served as a powerful call to address one of the most critical environmental threats of our time. In alignment with this global movement, **the Management at Regelford International School** took a meaningful step forward by **planting a tree** and **pledging their commitment to a greener, more sustainable future**.

Together, let's cultivate environmental responsibility and empower our young minds to become true stewards of the Earth.
