Theme of the Month –

Dear Parents and Students,

Greetings from Regelford International School!

We need to Protect, Restore and Promote Sustainable use of Terrestrial Ecosystems, Sustainably Manage Forests, Combat Desertification, Halt and Reverse Land Degradation and Halt Biodiversity Loss. Like someone once said that we don't have to be activists to bring about conscious changes in our day to day habits and routine. We could all take small steps and bring about a sea change.

Here are a few simple actions that can help protect the Earth

- Plant Trees periodically and advocate Green Spaces
- Consume Products Responsibly
- Reduce, Reuse, Recycle, Re-furbish
- Increase Energy Efficiency
- Avoid Wastage of Water at all times – Learn How to Conserve Water.
- Choose Sustainable Means of Transportation. ...
- Support Renewable Energy
- Say 'No' to Plastic
